HALL 1: GENERAL INTERNAL MEDICINE

December 6th, 2019

Contact person: Dr. TRAN Nguyen Trong Phu (tntphu@ctump.edu.vn), Dr. TRAN Thai Thanh Tam (ttttam@ctump.edu.vn)

Presiding list: Dr. KHA Huu Nhan, Ph.D.MD. NGUYEN Van Thanh, Assoc.Prof.Ph.D. LE Thi Tuyet Lan, Dr. PHAN Thi Xuan

No.	Topic	Reporter	Work place
1	<i>to be updated [in English]</i>	Assoc. Prof. Ph.D. CO Tuyet Lan	
2	<i>to be updated</i>		
3	A model of mortality trends of internal pathology in emergency department at Can Tho Central General Hospital	Ph.D.MD. HA Tan Duc	Department of Intensive Care and Anti-Poison, Can Tho Central General Hospital
4	Initial assessment of the results on using the new type of antithrombotic and anticoagulant drug in the treatment of pulmonary infarction at Can Tho Central General Hospital	Ph.D.MD. NGO Van Truyen & Dr. Dung	Department of Internal Medicine, Faculty of Medicine, CTUMP
5	Association between Emphysema in CT chest Quantification and clinical features and FEV1 of patients with chronic obstructive pulmonary disease (COPD)	Ph.D.MD. CAO Thi My Thuy	Department of Respiratory, Can Tho Central General Hospital
6	Practical guidelines on asthma, chronic obstructive pulmonary disease (COPD) and Community-Acquired Pneumonia (CAP) with comments through surveys of National Institute for Health and Clinical Excellence (NICE) in Vietnam	Ph.D.MD. NGUYEN Van Thanh	Department of Internal Medicine, Faculty of Medicine, CTUMP
7	The role of using aerosolized antibiotics/inhaled antibiotics in treating lower airway infections/lower respiratory tract infections	Ph.D.MD. VO Pham Minh Thu	Department of Internal Medicine, Faculty of Medicine, CTUMP
8	Diabetic Nephropathies: Update on diagnosis and treatment	Ph.D.MD. NGUYEN Nhu Nghia	Department of Internal Medicine, Faculty of Medicine, CTUMP
9	<i>to be updated</i>	Dr. KHA Huu Nhan	Department of Internal Medicine, Faculty of Medicine, CTUMP
10	Characteristics of Electrocardiogram (ECG) images and QTc prolongation related to the degree of liver failure	Dr. KHA Huu Nhan	Department of Internal Medicine, Faculty of Medicine, CTUMP

11	Effects of hypertonic saline-epinephrine (HSE) injection or endoscopic hemostasis clamp in combination with high-dose proton pump inhibitors in patients with gastrointestinal bleeding due to peptic ulcer	Ph.D.MD. HUYNH Hieu Tam	Department of Internal Medicine, Faculty of Medicine, CTUMP
12	Clinical characteristics of patients with chronic obstructive pulmonary disease (COPD) with comorbid bronchiectasis	Ph.D.MD. VO Pham Minh Thu	Department of Internal Medicine, Faculty of Medicine, CTUMP
13	The results of blood pressure control and changes in left ventricular hypertrophy in patients with hypertension treated with irbesartan/hydrochlorothiazide fixed-dose combination at Hospital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. MAI Phuong Thao	Department of Internal Medicine, Faculty of Medicine, CTUMP
14	Results of treatment of stunned/shock caused by infections and related factors at Can Tho Central General Hospital, 2016-2018 ^[in English]	MSc.M.D. TRAN Nguyen Trong Phu	Department of Internal Medicine, Faculty of Medicine, CTUMP
15	<i>to be updated</i>	Ph.D.MD. VO Minh Phuong	Department of Internal Medicine, Faculty of Medicine, CTUMP
16	Update on diagnosis and treatment of chronic obstructive pulmonary disease (COPD) according to GOLD 2019	Assoc.Prof.Ph.D. LE Thi Tuyet Lan	Chairman of Ho Chi Minh City Society of Asthma, Allergy & Clinical Immunology
17	Characteristics of basal gastric fluid in patients with gastric ulcer with and without Helicobacter pylori infection, visiting at Hospital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. NGUYEN Phan Hai Sam	Can Tho University of Medicine and Pharmacy
18	Role of plasminogen-activator inhibitor type 1 (PAI-1) in the pathogenesis of kidney diseases.	Ph.D.MD. TRAN Thai Thanh Tam	Department of Physiology, Faculty of Medicine, CTUMP

HALL 2: CARDIOLOGY

December 6th, 2019

Contact person: Dr. NGUYEN Duy Khue (ndkhue@ctump.edu.vn)

Presiding list: Ph.D.MD. NGO Van Truyen, Assoc.Prof.Ph.D. TRAN Viet An, Dr. BO Kim Phuong

1		Domestic experts	
2		Domestic experts	
3	Evaluating results on setting the pacemakers in patients with sick sinus syndrome at Can Tho Central General Hospital in 2010	Ph.D.MD. NGO Van Truyen & Ph.D.MD. LE Van Minh	Department of Internal Medicine, Faculty of Medicine, CTUMP
4	Researching on clinical and subclinical characteristics and investigation of early cardiovascular events occurring after emergency coronary intervention in patients with acute myocardial infarction, presenting ST-segment elevation at Can Tho Central General Hospital, 2010	Ph.D.MD. NGO Van Truyen & Dr. Thang	Department of Internal Medicine, Faculty of Medicine, CTUMP
5	Initial assessment on results of setting pacemaker at Can Tho Central General Hospital in 2019	MS.c.MD. THAN Minh Hoang & Dr. PHAM Thanh Phong, Dr. TRAN Dieu Hien	Can Tho Central General Hospital
6	Hypertension: Update on diagnosis and treatment in 2019	Ph.D.MD. TRAN Kim Son	Department of Internal Medicine, Faculty of Medicine, CTUMP
7	Diagnosis and treatment of heart disease in the fetus	Ph.D.MD. NGUYEN Thi Diem	Department of Internal Medicine, Faculty of Medicine, CTUMP
8	Assessment on the role of a technique named: Speckle-tracking echocardiography	Ph.D.MD. NGUYEN Thi Diem	Department of Internal Medicine, Faculty of Medicine, CTUMP
9	Efficacy of ivabradine in combination with beta-blocker on reducing heart rate, angina pectoris and left ventricular function in patients with coronary artery disease	MS.c.MD. NGUYEN Kim Phung & Assoc.Prof.Ph.D TRAN Viet An	Can Tho University of Medicine and Pharmacy
10	The results of LDL-c control by combining Simvastatin with Ezetimibe in patients with coronary artery disease	Dr. DUONG Hoang Vu & Assoc.Prof.Ph.D TRAN Viet An	Can Tho University of Medicine and Pharmacy
11	Thematic: An update on atrial fibrillation, 2019	Assoc.Prof.Ph.D TRAN Viet An	Department of Internal Medicine, Faculty of Medicine, CTUMP

12	Thematic: Updating on myocardial reperfusion, 2019 ^[in English]	Assoc.Prof.Ph.D TRAN Viet An	Department of Internal Medicine, Faculty of Medicine, CTUMP
13	Evaluation of the Predictive Value of CHA2DS2-VASc and Framingham Scores in patients undergoing percutaneous coronary intervention at Hospital of Can Tho University of Medicine and Pharmacy, 2019	MS.c.MD. NGUYEN Duy Khue	Department of Interventional Cardiology - Neurology
14	A survey of results on percutaneous coronary intervention and left ventricular function changes on echocardiography in patients with coronary artery disease at Hospital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. TRAN Truong Kim Anh	Department of Internal Medicine, Faculty of Medicine, CTUMP
15	Investigation of changes in LDL-c and hs-CRP levels after treatment with Rosuvastatin and Atorvastatin in patients with acute coronary syndrome at Hospital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. NGUYEN Truong Thanh	Department of Internal Medicine, Faculty of Medicine, CTUMP
15	Researching on the situation of metabolic syndrome in patients with type 2 diabetes mellitus at Hospital of Can Tho University of Medicine and Pharmacy, 2017-2018	Dr. TRAN Tuyet Nhan	Can Tho University of Medicine and Pharmacy
16	Dyslipidemia and related factors in patients with type 2 diabetes mellitus at Hospital Central Highlands	Dr. DUONG Thi Hai Yen & Dr. DO Thi Thuoc	Tay Nguyen University
17	<i>Expected:</i> Updating on treatment of coagulopathy	Assoc.Prof. TRAN Huyen Anh	Alfred Hospital Melbourne, Australia
18	Coagulation: Related updates	Assoc.Prof.Ph.D. HUYNH Nghia	Department of Hematology, University of Medicine and Pharmacy at Ho Chi Minh City
19	Monitoring of the JAK2-V617F mutation by quantitative real-time PCR and related factors in patients with primary polycythemia in Can Tho city	MS.c.MD. NGUYEN Phuc Duc	Department of Hematology, Faculty of Medicine, CTUMP
20	Characteristics of hemoglobin Tak in two Khmer families in the Mekong Delta	Ph.D.MD. LE Thi Hoang My	Department of Hematology, Faculty of Medicine, CTUMP

HALL 3: GENERAL SURGERY

Morning, December 6th, 2019

Contact person: Dr. NGUYEN Phuc Duc (npduc@ctump.edu.vn), Dr. MAI Van Doi (mvdoi@ctump.edu.vn)

Presiding list: Prof. LE Trung Hai, Assoc.Prof. NGUYEN Hoang Bac, Prof. Singapore, Prof. PHAM Van Linh, Assoc.Prof. PHAM Van Nang

1	Overview of organ transplant surgery in Vietnam		10h15-10h35
2	Overview of laparoscopic surgery		10h35-10h55
3	Abdominal wall surgery		10h55-11h15
4	Initial results on treatment of tumors of the ampulla of Vater by laparoscopic surgery		11h15-11h35
5	<i>to be updated</i>		11h35-11h55
Discussion			11h55-12h15

Afternoon, December 6th, 2019

Presiding list: Prof. LE Trung Hai, Assoc.Prof. NGUYEN Hoang Bac, Prof. Singapore, Prof. PHAM Van Linh, Assoc.Prof. PHAM Van Nang

6	Application of electrohydraulic lithotripsy in primary biliary stones/ primary intrahepatic bile duct stones treatment at Can Tho Central General Hospital, 2018-2019	DR. NGUYEN Van Tong	14h-14h12
7	Characteristics of lesion and results of surgical treatment in patients with nonpenetrating abdominal trauma at Can Tho General Hospital	Dr. TRAN Hieu Nhan	14h12-14h24
8	Evaluation of the results of treatment of colorectal cancer by endoscopic surgery with 8 years experience at Hospital of Can Tho University of Medicine and Pharmacy	MS.c.MD. MAI Van Doi	14h24-14h36
9	Researching on characteristics of clinical and subclinical, related factors and evaluate the results of treatment of hepatocellular cancer by liver resection at Hospital of Can Tho University of Medicine and Pharmacy and Can Tho Central General Hospital, 2018-2020	Dr. LAM Tat Dat	14h36-14h48
10	Study on characteristics of clinical and subclinical and evaluate the results of laparoscopic cholecystectomy for elderly patients at Hospital of Can Tho University of Medicine and Pharmacy and Can Tho Central General Hospital	Dr. NGUYEN Viet Hung	
11	Study on characteristics of clinical and subclinical and results of treatment of primary biliary stones by endoscopic surgery combined with electrohydraulic lithotripsy at Can Tho Central General Hospital	Dr. NGUYEN Khac Nam	14h48-15h

Break			15h-15h10
12	The internal thoracic artery: Anatomy	Dr. VO Thanh Nghia & VO Huynh Trang	
13	Anthropometric measurements of the people in the Mekong Delta	Dr. NGUYEN Thi Giao Ha & Dr. VO Huynh Trang	

HALL 4: UROLOGY - ONCOLOGY

December 6th, 2019

Contact person: Dr. PHAM Hoang Minh Quan (phmquan@ctump.edu.vn)

Presiding list:

1	Results of treatment of 80 cases with severe lower urinary tract disorder due to benign prostatic hyperplasia by high intensity focused ultrasound systems at the Hospital of Can Tho University of Medicine and Pharmacy	<i>to be updated</i>	Can Tho University of Medicine and Pharmacy
2	Results of treatment of 900 cases with kidney stones by extracorporeal lithotripsy at the Hospital of Can Tho University of Medicine and Pharmacy	<i>to be updated</i>	Can Tho University of Medicine and Pharmacy
3	Results of treatment of 750 cases with ureteral stones by endoscopic retrograde laser lithotripsy at the Hospital of Can Tho University of Medicine and Pharmacy	<i>to be updated</i>	Can Tho University of Medicine and Pharmacy
4	Results of treatment of 200 cases with uterine fibroids by high-intensity focused ultrasound systems at the Hospital of Can Tho University of Medicine and Pharmacy	<i>to be updated</i>	Can Tho University of Medicine and Pharmacy
5	Initial evaluation of results on the value of PSA density, percent free PSA, %p2PSA and prostate health index in diagnosing prostate cancer in patients with prostate tumors	Dr. LAM Nhan Hau	Can Tho University of Medicine and Pharmacy
6	Combination of Oncolytic viruses (Vaccine-derived Measles and Mumps Virus) with Nimotuzumab in treatment of Cancers.	Nguyen Linh Toan	outside the university
7	Interferon-stimulated gene (ISG) protein serum levels and clinical outcome of hepatitis B virus-related liver diseases.	Hoang Van Tong	outside the university
8	Aesthetic results after treatment by surgery with breast preservation for early stage breast carcinoma at Ho Chi Minh City Oncology Hospital	MS.c.MD. PHAM Hoang Minh Quan	Can Tho University of Medicine and Pharmacy
9	A survey of clinical characteristics and thyroid function markers in patients with hypothyroidism at Can Tho City Oncology Hospital, 2017-2018	MD. CAO Tran Anh Thu	Can Tho University of Medicine and Pharmacy

HALL 5: ORTHOPEDIC INJURY

December 6th, 2019

Contact person: Dr. NGUYEN Thanh Tan (nttan@ctump.edu.vn); Dr. TRAM Van Nhieu (tvnhieu@ctump.edu.vn)

Presiding list: Dr. TANG Ha Nam Anh

1	An update on hip arthroplasty/replacement ^[in English]	Foreign experts	...
2	Summary of results on treatment of hip replacement in Can Tho city for 5 years ^[in English]	Dr. TRAN Quang Son	
3	An update on knee arthroplasty/replacement ^[in English]	Foreign experts	
4	Summary of results on treatment of knee replacement in Can Tho city for 5 years ^[in English]	Dr. LE The Hien	
Discussion			
5	An update on microsurgical spine treatment ^[in English]	Foreign experts	Experts
6	Treatment of lumbar spine disease	MS.c.MD. NGUYEN Le Hoan	
7	Treatment of cervical spine disease	MS.c.MD. NGUYEN Huu Thuyet	
8	Medical treatment of spinal diseases	Domestic experts	Experts
9	An update on treatment of scoliosis in children	Dr. HUYNH Thong Em	
Breaks			
10	Treatment of degenerative knee disease by platelet-rich plasma	Ph.D.MD. NGUYEN Thanh Tan	
11	Intervention techniques for treating lower limbs fractures	Dr. LE Minh Duong	
12	Upper limb fractures	Domestic experts	
13	Children's fractures	Dr. NGUYEN Tran Duy	
14	Conservative treatment of fractures of the lower end of the radius	Dr. NGUYEN Chi Nguyen	
15	Conservative treatment of fractures in children	Domestic experts	Regional rapporteur
16	Hip arthroscopy	Dr. NGUYEN Tam Tu	
17	Knee arthroscopy	Dr. TRAN Quang Son	
18	Shoulder joint arthroscopy	Dr. Huong	University of Medicine and Pharmacy at Ho Chi Minh City
19	Endoscopic carpal tunnel	Dr. DUONG Khai	
20	Evaluation the results of treatment of shoulder arthritis by physiotherapy rehabilitation at Can Tho Orthopedic & Rehabilitation Center, 2018-2019	Dr. TRAM Van Nhieu	

HALL 6: OBSTETRICS**December 6th, 2019****Contact person:** Dr. PHAN Huu Thuy Nga (phtnga@ctump.edu.vn)**Presiding list:** Dr. TRAN Thi Loi, Dr. NGUYEN Huu Du and Dr. LUU Thi Thanh Dao

1	<i>to be updated</i>	Domestic experts	10h15-10h35	
2	<i>to be updated</i>	Domestic experts	10h35-10h55	
3	<i>to be updated</i>	Dr. TRAN Thi Loi	10h55-11h15	Department of Medicine, Vietnam National University Ho Chi Minh City
4	<i>to be updated</i>	Dr. NGUYEN Duy Linh	11h15-11h35	Phuong Chau International Hospital
5	<i>to be updated</i>	Dr. LAM Duc Tam	11h35-11h55	Can Tho University of Medicine and Pharmacy
6	<i>to be updated</i>	Dr. PHAN Huu Thuy Nga	12h35-13h	Can Tho University of Medicine and Pharmacy
7	<i>to be updated</i>	Dr. DUONG My Linh	13h-13h25	Can Tho University of Medicine and Pharmacy
8	<i>to be updated</i>	Dr. NGUYEN Quoc Bao	13h25-13h50	Can Tho University of Medicine and Pharmacy

HALL 7: PEDIATRICS**December 6th, 2019****Contact person:** Dr. BUI Quang Nghia (bqngghia@ctump.edu.vn)**Presiding list:** Assoc.Prof. TA Van Tram, Assoc.Prof. NGUYEN Thi Kieu Nhi, Ph.D. NGUYEN Ngoc Rang, Dr. NGUYEN Thanh Hai, MS.c.MD. ONG Huy Thanh

1	<i>to be updated</i>		
2	<i>to be updated</i>		
3	Initial researching in congenital metabolic disorders in the neonatal period	Assoc.Prof. NGUYEN Thi Kieu Nhi	Can Tho University of Medicine and Pharmacy
4	Effective of probiotics using in the treatment of early neonatal infection via the placenta	Assoc.Prof. NGUYEN Thi Kieu Nhi	Can Tho University of Medicine and Pharmacy
5	Study on characteristics of clinical and subclinical and the results in treatment of neonatal sepsis at Can Tho Children's Hospital	MS.c.MD. DIEP Loan	Can Tho Children's Hospital
6	Study on characteristics of clinical and subclinical, causes and assess the results of treatment of respiratory failure with mechanical ventilation in newborns/infants at Can Tho Children's Hospital	Dr. PHAM Trong Hieu	Tam Binh General Hospital, Vinh Long province
7	Researching on characteristics of clinical and subclinical and results of treatment of encephalitis and meningitis in children at Can Tho Children's Hospital, 2016 - 2017	Dr. NGUYEN Thi Thu Cuc	Can Tho University of Medicine and Pharmacy
8	Study on characteristics of clinical and subclinical and evaluate the results of treatment of acute respiratory failure in preterm neonates by continuous positive airway pressure at Can Tho Children's Hospital, 2016 – 2018	Dr. VO Thi Xuan Huong	Xuyen A General Hospital
9	Study on characteristics of clinical and subclinical, related factors and evaluate the results of treatment of hypoxic ischemic encephalopathy in full-term infants at the Neonatal Department, Can Tho Obstetrics and Gynecology Hospital, 2018-2019	Dr. NGUYEN Thi Ngoc Ha	Can Tho Obstetrics and Gynecology Hospital
10	Study on characteristics of clinical, risk factors and assess the results of treatment of neonatal anemia in early neonatal period at Can Tho Children's Hospital, 2016 - 2018	Dr. PHAM Hong Trinh	Gia Rai General Hospital, Bac Lieu province
11	Study characteristics of clinical and subclinical and the results of treatment of neonatal sepsis at Can Tho Children's Hospital, 2017-2019	Dr. NGUYEN Ngoc Vi Thu	

12	Study characteristics of clinical and subclinical and the results of treatment of severe dengue fever with increased intra-abdominal pressure at Can Tho Children's Hospital, 2016-2017	Dr. TRAN Ton Thai	Hau Giang General Hospital
13	A survey on medical staffs' awareness about "patient safety culture" at Can Tho Children's Hospital	Dr. TRAN Van De	Can Tho Children's Hospital
14	Model of morbidity and mortality in children at Vinh Long provincial hospitals	Dr. BUI Quang Nghia	Can Tho University of Medicine and Pharmacy

HALL 8: PEDIATRICS
Morning, December 6th, 2019

Contact person: Dr. VO Van Thi (vvthi@ctump.edu.vn)

Presiding list: Assoc.Prof. NGUYEN Van Tuan, Ph.D. LE Hoang Son,
 Ph.D. NGUYEN Minh Phuong, Dr. TRUONG Ngoc Phuoc, Dr. CAO Thi Vui

1	Researching on the situation, clinical and subclinical characteristics and assess the results of eradication treatment of <i>Helocobacter pylori</i> in children with gastro-duodenal inflammation and ulceration at Can Tho Children's Hospital, 2017-2019	Dr. TRAN Duc Long	Can Tho University of Medicine and Pharmacy
2	Study on clinical and subclinical characteristics and the results of treatment of acute diarrhea caused by bacterial agents in children at Department of Gastroenterology, Can Tho Children's Hospital 2017-2018	Dr. NGUYEN Thi Thu Cuc	Can Tho University of Medicine and Pharmacy
3	Characteristics of clinical and subclinical, related factors and complications of acute bronchiolitis at Can Tho Children's Hospital, 2016-2017	Dr. VO Van Thi	Can Tho University of Medicine and Pharmacy
4	Lobar pneumonia in children and pathogenic bacterial agents determined by polymerase chain reaction (PCR)	MS.c.MD. TRAN Quang Khai	Can Tho University of Medicine and Pharmacy
5	Study on characteristics of clinical and subclinical, evaluate the results of treatment of pneumonia in children with atrial septal defect at Can Tho Children's Hospital, 2017-2018	Dr. DANG Phuong Trang	Hau Giang General Hospital
6	Study on characteristics of clinical and subclinical, causes and designation of treatments of pulmonary hypertension in children at Can Tho Children's Hospital, 2018-2019	MS.c.MD. NGUYEN Tan Toan	Rach Gia General Hospital, Kien Giang province
Afternoon, December 6th, 2019			
Presiding list: Assoc.Prof. NGUYEN Van Tuan, Ph.D. LE Hoang Son, Ph.D. NGUYEN Minh Phuong, Dr. TRUONG Ngoc Phuoc, Dr. CAO Thi Vui			
7	Study on clinical and subclinical characteristics, hemostatic coagulation function and the results treatment of sepsis among children 2 months to 15 years old at Can Tho Children's Hospital	Dr. NGUYEN Thanh Phong	Dam Doi General Hospital, Ca Mai province
8	Study on clinical and subclinical characteristics, red blood cells antibodies and evaluate the results of treatment of Thalassemia at Can Tho Children's Hospital, 2018-2019	Dr. LE Quoc Trung	Postgraduate student
9	Study on clinical and subclinical characteristics, and immune thrombocytopenic purpura evaluate the results of treatment of immune thrombocytopenic hemorrhage at Department of Nephrology – Hematology, Can Tho Children's Hospital, 2018-2019	Dr. LE Thi Mai Linh	Postgraduate student

10	Characteristics of clinical and subclinical and related factors in anemia and iron deficiency in children aged 2-59 months at Can Tho Children's Hospital	Dr. NGUYEN Ngoc Vi Thu	Postgraduate student
11	Study on characteristics of clinical and subclinical, causes and evaluate the results of treatment of septic shock in children 2 months to 15 years old at Can Tho Children's Hospital, 2018-2019	Dr. PHAM Huu Cong	Postgraduate student
12	Investigation associated factors in septic shock at Can Tho Children's Hospital	Dr. NGUYEN Phuoc Sang	Can Tho University of Medicine and Pharmacy
13	Unravelling the next generation sequencing in precision epilepsy	Ph.D. BUI Chi Bao	Center for Molecular Biomedicine, University of Medicine and Pharmacy at Ho Chi Minh City

HALL 9: DERMATO-VEREEROLOGY**December 6th, 2019****Contact person:** Dr. TRAN Gia Hung (tghung@ctump.edu.vn)**Presiding list:** Assoc.Prof. NGUYEN Tat Thang, Assoc.Prof. NGUYEN Minh Chon, Assoc.Prof. HUYNH Van Ba

1	<i>to be updated</i>	Assoc.Prof. NGUYEN Tat Thang	
2	<i>to be updated</i>	Assoc.Prof. NGUYEN Minh Chon	
2	<i>to be updated</i>	Assoc.Prof. HUYNH Van Ba	
3	<i>to be updated</i>	Dr. NGUYEN Van Lam	
4	<i>to be updated</i>	Dr. TU Tuyet Tam	Can Tho Hospital of Dermato-Venereology
5	<i>to be updated</i>	Dr. VO Thi Kim Loan	
	<i>to be updated</i>	Dr. TRAN Gia Hung	
6	<i>to be updated</i>	Dr. HUYNH Van Sang	
	<i>to be updated</i>	Dr. TRAN Gia Hung	
7	Study on the situation of antibiotic resistance and related factors of <i>Probionibacterium acnes</i> at Can Tho Hospital of Dermato-Venereology	Dr. NGUYEN Thi Thuy Trang	Department of Dermato-Venereology, Can Tho University of Medicine and Pharmacy
8	Study on clinical characteristics, related factors and the results of fungal treatment in patients using topical corticosteroids with itraconazole at Can Tho Hospital of Dermato-Venereology	Dr. NGUYEN Thi Thuy Lieu	Resident doctor, Can Tho University of Medicine and Pharmacy
9	<i>to be updated</i>	Dr. NGUYEN Thi Le Quyen	Resident doctor, Can Tho University of Medicine and Pharmacy
10	<i>to be updated</i>	Dr. LAC Thi Kim Ngan	Department of Dermato-Venereology, Can Tho University of Medicine and Pharmacy
11	Researching on clinical characteristics, related factors and the results of treatment of genital warts by electrocautery method at Can Tho Hospital of Dermato-Venereology	Dr. PHAM Dinh Tu	Can Tho Hospital of Dermato-Venereology

12	Researching on clinical characteristics, related factors and the results of treatment of psoriasis by salicylic at Can Tho Hospital of Dermato-Venereology	Dr. TU Mau Xuong	Resident doctor, Can Tho University of Medicine and Pharmacy
13	Researching on clinical characteristics, related factors and the results of treatment of sweat gland tumors by CO ₂ Laser at Can Tho Hospital of Dermato-Venereology	Dr. NGUYEN Thi Thuy Lieu	Resident doctor, Can Tho University of Medicine and Pharmacy
14	Study on clinical characteristics, related factors and the results of treatment of plaque psoriasis by E-PSORA at Can Tho Hospital of Dermato-Venereology	Dr. TU Mau Xuong	Resident doctor, Can Tho University of Medicine and Pharmacy
15	Study on clinical characteristics, stages, levels and results of treatment of atopic dermatitis in adults at Can Tho Hospital of Dermato-Venereology	Dr. NGUYEN Thi Thuy Trang	Department of Dermato-Venereology, Can Tho University of Medicine and Pharmacy
16	Application of dendritic cells to immunotherapy: an update	Ph.D.MD. NGUYEN Ngoc Yen Thu	
17	Different dendritic cell responses to mannans of <i>Candida</i> spp.	Ph.D.MD. NGUYEN Ngoc Yen Thu	
18	A new sight of beta-glucan in the interaction with dendritic cells	MS.c.MD. DINH Thi Huong Truc	
19	Study on clinical and subclinical characteristics and assess the situation of antibiotic resistance of <i>Neisseria gonorrhoeae</i> isolated from samples of patients came to be examined and treated at Can Tho Hospital of Dermato-Venereology and Hospital of Can Tho University of Medicine and Pharmacy	Dr. TRAN Thi Nhu Le	

HALL 10: NEUROLOGY

December 6th, 2019

Contact person: Dr. LE Van Minh (lvminh@ctump.edu.vn), Dr. NGUYEN Vu Dang (nvdang@ctump.edu.vn)

Presiding list: Dr. LE Minh, Dr. DANIEL D Truong, Dr. LE Van Tuan

1	Management of Parkinson disease. <i>[in English]</i>	DANIEL D Truong	10h15-10h45
2	From the first seizure to epilepsy, evidence based diagnosis and traps <i>[in English]</i>	JALLON Pierre	10h45-11h15
3	Treatment of Wilson disease 2019.	Specialist Level 2, MD. LE Minh	11h15-11h40
4	<i>to be updated</i>	Ph.D. NGUYEN Cong Thang	11h40-12h05
5	Intervention of sudden cardiac arrest: An update	Ph.D. TRAN Chi Cuong	12h35-13h
6	Analysis of the application of extradural injection of Methylprednisolone acetate in treatment of patients with lumbar disc herniation.	Ph.D. LE Van Minh	13h-13h25
7	Results assessment of intra-arterial intervention to retrieve cerebral arterial thrombosis in treatment of sudden cardiac arrest with acute cerebral anemia.	Ph.D. NGUYEN Vu Dang	13h25-13h50
8	Analysis of the clinical features, cerebral CT scan radiology and related factors contributing to changes in hemorrhage volume in patients with intracerebral hemorrhage at Can Tho Central General Hospital.	Specialist Level 2, MD. PHAM Duyen Trinh	13h50-14h15
9	Circulating tumor DNA (cfDNA) for the detection and monitoring of neuroblastoma.	Ph.D. BUI Chi Bao	14h15-14h30

HALL 11: PSYCHIATRY**December 6th, 2019****Contact person:** Dr. NGUYEN Van Thong (nvthong@ctump.edu.vn)**Presiding list:** Prof. Richard VEITH, Prof. Kethleen MYER, Assoc. Prof. Ph.D. NGUYEN Van Tuan, Ph.D. NGO Tich Linh

HALL 13: TUBERCULOSIS

December 6th, 2019

Contact person: Dr. HUYNH Thi My Tien (htmtien@ctump.edu.vn), Dr. TRAN Hoang Duy (thduy@ctump.edu.vn)

Presiding list: Specialist Level 2. MD. TRAN Manh Hong, Ph.D.VO Pham Minh Thu

1	Factors concerning tuberculosis treatment with AFP (+) in Can Tho City, 2014 – 2015	Specialist Level 2, MD. TRAN Manh Hong	10h15-10h35
2	Analysis of Metabolic Disorders in COPD patients at the Outpatient Department of Dong Thap General Hospital	Specialist Level 2, MD. HUYNH Thi Nguyet	10h35-10h55
3	Assessment of the efficacy of bronchial endoscopy in pulmonary tuberculosis diagnosis with AFP (-) in plegm sample	Specialist Level 2, MD. HUYNH Thi Nguyet	10h55-11h15
4	Approaching interstitial lung disease: a case study	MSc. MD. HUYNH Anh Tuan	11h15-11h35
5	Assessment of the efficacy of the community screening program for tuberculosis using genxpert MTB/RIF in reducing prevalence in Ca Mau province	Specialist Level 2, MD. NGUYEN Van Son	11h35-11h55
Discussion			11h55-12h15
6	First results of assessment of COPD/asthma prevalence in Ha Noi, Thanh Hoa, Ho Chi Minh City and Ca Mau	Specialist Level 2, MD. NGUYEN Van Son	12h35-13h
7	Rifampicin resistance in recurrent tuberculosis AFP (+) patients with genexpert MTB/RIF technique in Can Tho City in 2016	Specialist Level 2, MD. HUA Trung Tiep	13h-13h25
8	Assessment of the efficacy of povidine pleurodesis in treating pneumothorax, pleural effusion at Vinh Long Tuberculosis and Pulmonary Disease Hospital, 2016 – 2018	MD. HUYNH Thi My Tien	13h25-13h50
9	Analysis of tuberculosis, tuberculosis/HIV control data from patients in Vinh Long, 2011 – 2015	MD. HUYNH Thi My Tien	14h36-14h48
10	Assessment of inpatient and outpatient medical cost of COPD patients with medical insurance at Vinh Long Tuberculosis and Pulmonary Disease Hospital in 2017	MD. HUYNH Thi My Tien	14h48-15h
11	Analysis of genetic features of drug resistant <i>Mycobacterium tuberculosis</i> at Can Tho Tuberculosis and Pulmonary Disease Hospital	MSc. TRAN Thanh Hung	15h10-15h22
12	Analysis of pleural biopsy results in patients with exudative pleural effusion at Can Tho Tuberculosis and Pulmonary Disease Hospital in 2018	MSc. MD. TRAN Hoang Duy	15h22-15h34

HALL 14: TRADITIONAL MEDICINE

Morning, December 6th, 2019

Contact person: Dr. LE Minh Hoang (lmhoang@ctump.edu.vn)

Presiding list: Prof. PhD. NGUYEN Minh Ha, Prof. PhD. PHAN Quan Chi Hieu, Assoc. Prof. PhD. PHAN Anh Tuan

1	<i>to be updated</i>	Prof. NGUYEN Minh Ha	Military Institute of Traditional Medicine	
2	<i>to be updated^[in English]</i>	Prof. PHAN Quan Chi Hieu	Ho Chi Minh City University of Medicine and Pharmacy	
3	<i>The role of insects in Vietnamese traditional medicine: the existence and prospects.</i>	Assoc. Prof. PHAN Anh Tuan	Military Institute of Traditional Medicine	
4	<i>to be updated^[in English]</i>	Dr. Glen WANG (王啟涼)- Taiwan	Director of Joshua Healthcare Co.,Ltd Taiwan (台湾约书亚健康管理顾问有限公司); Secretary General, APAIC (亚太产业合作协会秘书长)	

Afternoon, December 6th, 2019

Presiding list: Prof. PhD. NGUYEN Minh Ha, Prof. PhD. PHAN Quan Chi Hieu, Assoc. Prof. PhD. PHAN Anh Tuan

1	<i>to be updated</i>	MSc. PHAN Minh Duc	Faculty of Medicine – Ha Noi National University	
2	<i>Assessment on the results of treatment of menopausal syndrome of the pill "Kidney Yin Replenishment A" at Nam Dinh Traditional Medicine Hospital</i>	MSc. NGUYEN Truong Son	Nam Dinh University of Nursing	
3	<i>Analysis of the safety and efficacy of the Y10 capsule in improving sperm production^[in Chinese]</i>	MSc. LE Minh Hoang	Can Tho University of Medicine and Pharmacy	
4	<i>Analysis of the clinical features, laboratory parameters and efficacy assessment of lumbar degenerative disc disease pain reducing treatment with electrotherapy, massage and acupressure at Can Tho City General Hospital, 2018 – 2019</i>	Specialist Level 1, MD. HUYNH Thanh Vu	Can Tho City General Hospital	
5	<i>Analysis of the clinical features, laboratory parameters and efficacy assessment of joint degenerative disease pain reducing treatment with ultrasound therapy and electrotherapy at Dong Thap Traditional Medicine Hospital, 2018 – 2019</i>	Specialist Level 1, MD. VO Thi My Hanh	Dong Thap Traditional Medicine Hospital	

6	Analysis of the clinical features, laboratory parameters and efficacy assessment of cervical degenerative disc disease shoulder and neck pain reducing treatment with electrotherapy and semiconductor laser at Ben Tre Traditional Medicine Hospital, 2018 – 2019	Dr. NGUYEN Thi Kim Phung	Ben Tre Traditional Medicine Hospital	
7	Analysis of the clinical forms of “ <i>Yāotòng</i> ” syndrome and related factors in patients under treatment at Can Tho Traditional Medicine Hospital, 2017 – 2018	MD. NGUYEN Thanh Nhan	Binh Duong Traditional Medicine Hospital	
8	Evaluation of the treatment results of the “ <i>Buyang Huanwu Tang</i> ” medicine in combination with electrotherapy and physical therapy in stroke patients with type “ <i>qì xū xiě yū</i> ” at Can Tho Traditional Medicine Hospital, 2017-2018	MD. NGUYEN Minh Tan	Binh Duong Traditional Medicine Hospital	
9	Investigation the lesions of the “ <i>Gan chu can</i> ” function on patients after stroke under treatment at Can Tho Traditional Medicine Hospital, 2017-2018	Dr. DANG Quynh Nguyet Que	General Hospital of Dong Thap Muoi area, Dong Thap	
10	A survey on clinical forms according to traditional medicine in hypertensive patients under inpatient treatment at Can Tho Traditional Medicine Hospital, 2017-2018	Dr. TRINH Thi Thanh Tuyen	Chau Thanh District Medical Center, Dong Thap	
11	A survey on clinical and subclinical characteristics in patients with lumbar spine degeneration under inpatient treatment at Can Tho Traditional Medicine Hospital, 2017-2018	Dr. LE Thi Phuong Thao	Ben Tre Traditional Medicine Hospital	
12	A survey on dyslipidemia and related factors in patients under inpatient treatment at Can Tho Traditional Medicine Hospital, 2017-2018	Dr. BUI Hai Yen	Kien Giang Traditional Medicine Hospital	
13	Investigation on the clinical forms of the “ <i>Trung phong kinh lac</i> ” disease and related factors in patients undergoing treatment at Can Tho Traditional Medicine Hospital, 2017-2018	Dr. TRAN Le Hai Yen	Tan Thanh Distric Health Center, Long An Province	
14	Correlation between the moon cycle and conception rate in infertile patients with polycystic ovaries	MS.c. PHAM Duy Duc	Can Tho University of Medicine and Pharmacy	
15	Characteristics of auditory sensing voltage after acupunctured points in treatment of hearing disorders in normal people. <i>[in English]</i>	MS.c NGUYEN Ngoc Chi Lan	Can Tho University of Medicine and Pharmacy	

HALL 15: FAMILY MEDICINE

Contact person: Dr. THAI Thi Ngoc Thuy (ttnthuy@ctump.edu.vn)

Session 1: Improvement to First Aid Care

Presiding list: 1. Assoc. Prof. PhD. PHAM Le Tuan; 2. Assoc. Prof. PhD. PHAM Le An; 3. Assoc. Prof. PhD. NGUYEN Phuong Hoa; 4. Prof. Didiet GIET; 5. Prof. Anselme DERESE; 6. Prof. Johan WENS

1	Improving the medical system towards covering healthcare needs for all citizens (including developing Family medicine)	Assoc. Prof. PhD. PHAM Le Tuan	Former Deputy Minister of Health, Head of Department of Family Medicine, Ha Noi	10h15-10h35
2	<i>to be updated</i>	Assoc. Prof. PhD. PHAM Le An	Head of Family Medicine Center, University of Medicine and Pharmacy at Ho Chi Minh City	10h35-10h55
3	<i>to be updated^[in English]</i>	Prof. Didiet GIET	Head of Department of Family Medicine, Liège University, Belgium	10h55-11h15
4	<i>to be updated^[in English]</i>	Prof. Anselme DERESE – Prof. Johan WENS	Lecturer from Department of Family Medicine, Ghent University, Belgium	11h15-11h35
5	<i>to be updated</i>	Department of Family Medicine	Department of Family Medicine, Can Tho University of Medicine and Pharmacy	11h15-11h35

Session 2: Psychiatric Care for Patients in primary health care

Presiding list: 1. Assoc. Prof. PhD. PHAM Thi Tam; 2. Assoc. Prof. PhD. NGUYEN Thanh Hiep; 3. Assoc. Prof. PhD. NGUYEN Minh Tam; 5. Prof. Richard VEITH; 6. Prof. Ian BENNETT

6	International psychiatric disease burden in the family medicine context ^[in English]	Prof. Richard VEITH – Prof. Ian BENNETT	Former Head of Department of Psychiatry, Washington University, United States Lecturer from Department of Family Medicine, Washington University, United States	11h35-12h15
---	---	---	--	-------------

HALL 16: NURSING**Morning, December 6th, 2019****Contact person:** Ms. PHAM Thi Be Kieu (ptbkieu@ctump.edu.vn)**Presiding list:** Prof. PhD. Yvonne OSBORN, PhD. Susan PRION, Prof. PhD. Claudia CLAES, MSc. Marc DHAENZE

1	Efficacy assessment of the consultation program in guiding newborn umbilical care for mothers	NGUYEN Thi Kim Thanh	Tan Hong District Medical Center – Dong Thap	10h15-10h35
2	Assessment on the adherence to treatment of tuberculosis patients and related factors	NGUYEN Thi My Dung	Binh Phuoc College of Medicine	10h35-10h55
3	Assessment of the knowledge and practice on the SSC (Skin-to-Skin Care) of ethnic minority mothers at Central Highlands Area General Hospital	VU Thi Tuyet	Central Highlands University	10h55-11h15
4	Analysis of fall risk and related factors in inpatients at Ho Chi Minh City Traditional Medicine Institute	VU Ngo Thanh Huyen	Ho Chi Minh City Traditional Medicine Institute	11h15-11h35
5	Assessment of gross physical and motor development of 6 months old preterm infants adjusted group	TRAN Thi My Tuyet	Khanh Hoa College of Medicine	11h35-11h55
6	Assessment of quality of medical care at General Outpatient Department of Ho Chi Minh City Traditional Medicine Institute	DO Thu Huong	Ho Chi Minh City Traditional Medicine Institute	11h55-12h15
7	Assessment of swallowing disorders by GUSS in acute cerebral stroke patients	HOANG Thi Ngoc Hanh	Military Hospital 175 – Ministry of National Defence	12h15-12h35

Afternoon, December 6th, 2019**Presiding list:** Prof. PhD. Yvonne OSBORN, PhD. Susan PRION, Prof. PhD. Claudia CLAES, MSc. Marc DHAENZE

8	Assessment of patients at recovery room by the Aldrete scale	LAM Huu My Loc	Dinh Quan Area General Hospital, Dong Nai	14h-14h12
9	Efficacy of increasing dental care frequency in decreasing rates of pneumonia involving mechanical ventilation at Tien Giang Central General Hospital	LE Thi Ngoc Han	Tien Giang College of Medicine	14h12-14h24
10	Efficacy of John Hopkins falling assessment tool training for clinical nurses	NGUYEN Thi Huong	An Giang Area General Hospital	14h24-14h36
11	Assessment of the pain reducing and peristalsis restoration effects by early physical rehabilitation in laparoscopic colectomy in colorectal cancer patients	PHAN Thi Dieu Huong	Hue College of Medicine	14h36-14h48

12	Life quality assessment of female HIV patients under anti virus treatment	CAO Thi Quynh Mai	Long An General Hospital	14h48-15h
Break				15h-15h10
13	Physician-Nurse Collaboration ^[in English]	Yvonne OSBORN	Queensland University of Technology	15h10-15h20
14	Pharmacological Safety for Nursing Practice ^[in English]	Miranda HAWKS	Vietnam Nurse Practice Improvement Project	15h20-15h30
15	Interprofessional Team Learning ^[in English]	Susan ROKEMA	Vietnam Nurse Practice Improvement Project	15h30-15h40
16	Steps of Evidence-Based Nursing Practice Research ^[in English]	Susan PRION – Ann NGUYEN	University of San Francisco	15h40-15h50
17	Risk of pressure-induced ulcers according to Braden scale and related factors	NGUYEN Thi Quy Ha	Trường Cao đẳng Y tế Khánh Hòa	15h50-16h00
18	Analysis of factors relating to fatigue in mothers whose children are undergoing chemotherapy at Ho Chi Minh City Oncology Hospital in 2018	DUONG Thi Thuy Trang	Can Tho University of Medicine and Pharmacy	16h00-16h10
19	Analysis of factors relating to choice of anesthesia methods in childbirth at Can Tho Maternity Hospital in 2018	LE Kim Nguyen	Can Tho University of Medicine and Pharmacy	16h10-16h20
20	Analysis of level of physical activity in type 2 diabetes patients and relation to self confidence, societal assistance at Hospital of Can Tho University of Medicine and Pharmacy in 2018	TRAN Thi Nhu Ngoc	Can Tho University of Medicine and Pharmacy	16h20-16h30
21	Analysis of the willingness to care for HIV/AIDS patients of nurses at Can Tho Central General Hospital, 2018 – 2019	PHAM Thi Be Kieu	Can Tho University of Medicine and Pharmacy	16h30-16h40
22	Assessment of awareness of risk factors and early signs of stroke in hypertension inpatients	CU Thi Thanh Tuyen	Khanh Hoa College of Medicine	16h40-16h50

23	Training program for NICU nurses to communicate with newborns	MAI Thi Hien	University of Medicine and Pharmacy at Ho Chi Minh City	16h50-17h00
24	Assessment of quality of nursing service in Can Tho City hospitals	LAI Van Nong	Can Tho University of Medicine and Pharmacy	
25	Efficacy assessment of the guidance program about inhaling technique and metered dose inhaler usage for asthma patients	NGUYEN Van Chuong	Nha Trang Central College of Pedagogy	
26	Safety assessment of medicine preparation of nurses at Can Tho Children's Hospital in 2018	TRAN Thi Thu Ha	Can Tho Children's Hospital	
27	Assessment of knowledge about prevention, management and care of anaphylaxis shock of nurses and technicians at Can Tho Children's Hospital in 2018	NGUYEN Thi Hong Ngoc	Can Tho Children's Hospital	

HALL 17: PHARMACY
Morning, December 6th, 2019

Contact person: Dr. LAM Thanh Hung (ltung@ctump.edu.vn)

Presiding list: Prof. PhD. Hermann STUPPNER

1	<i>to be updated</i> ^[in English]			10h15-10h35
2	<i>to be updated</i> ^[in English]			10h35-10h55
3	<i>to be updated</i> ^[in English]			10h55-11h15
4	<i>to be updated</i> ^[in English]			11h15-11h35
5	<i>to be updated</i> ^[in English]			11h35-11h55
6	<i>to be updated</i> ^[in English]			11h55-12h15

Afternoon, December 6th, 2019

Presiding list:

1	Developing the protocol for quantifying pesticides in fruits and vegetables	Assoc. Prof. NGUYEN Thi Ngoc Van	Can Tho University of Medicine and Pharmacy	14h-14h12
2	Researching on the preparation of self emulsifying nanoemulsion containing proteinase compounds	LAM Thanh Hung	Can Tho University of Medicine and Pharmacy	14h12-14h24
3	Effects of anti depression drugs inhibiting muscarinic M3 receptors on risk of type 2 diabetes: A case study	TRAN Yen Hao	Can Tho University of Medicine and Pharmacy	14h24-14h36
4	Constructing the process of analyzing certain kinds of carbamate pesticides residue commonly used on fruits and vegetables	NGUYEN Manh Quan	Can Tho University of Medicine and Pharmacy	14h36-14h48
5	Application of the LC – MS/MS method in detecting certain kinds of antibiotic residue in wastewater of livestock and aquaculture, and efficacy assessment of antibiotic elimination from wastewater by Au/TiO ₂ nanomaterials	NGUYEN Quoc Duy	Defended Master's student of 2017 – 2019 course	14h48-15h
6	Developing the protocol for quantifying Ochratoxin A and Aflatoxin B1 in coffee beans by LC – MS/MS method	TAO Mai Vinh	Defended Master's student of 2017 – 2019 course	15h10-15h22
Discussion				

HALL 18: PHARMACY**December 6th, 2019****Contact person:** Ms. NGUYEN Hoang Yen (nhyen@ctump.edu.vn)**Presiding list:** Assoc. Prof. PhD. DUONG Xuan Chu, PhD. PHAM Thi To Lien, PhD. DANG Duy Khanh

1	Research on synthesis of condensates from 1,3-diphenyl-4-formyl-1H-pyrazol and 3-benzoylamidorhodanin and their antibiotic and antifungal activity	HUYNH Truong Hiep		10h15-10h35
2	Assessment of the adherence to injection and infusion medications of inpatients at the Department of General Surgery, Hospital of Can Tho University of Medicine and Pharmacy in 2016	MS.c NGUYEN Hoang Yen		10h35-10h55
3	Researching on the chemical ingredients of extracts from <i>Clinacanthus sp. Acanthaceae</i>	NGUYEN Thi Trang Dai		10h55-11h15
4	Researching on the preparation of dried <i>Coix lachryma-jobi l., poaceae</i> extracts by spray drying without carrier	NGUYEN Thi Linh Tuyen		11h15-11h35
5	Researching on the acute and chronic toxicity of <i>Azadirachta indica</i>	PhD. DUONG Xuan Chu		11h35-11h55
Discussion				12h35-12h45
6	Researching on the antibiotic usage situation and degree of antibiotic resistance at the Intensive Care Unit of Tra Vinh General Hospital, 2018 – 2019	DO Tri Ngoan		14h-14h12
7	Researching on developing the inspection standards and determining expiration date of functional food film-coated tablets containing <i>Azadirachta indica</i> extracts	TRAN Ngoc Dung		14h12-14h24
8	Researching on detection and quantifying of glucocorticoid in skin lotion by high-performance liquid chromatography method	LUU Nguyen Anh Thu		14h24-14h36

9	Researching on developing rapid detection method of counterfeit Tadalafil, Sildenafil and Vardenafil in functional food assisting in treatment of erectile dysfunction with mass spectrometry technique	HUYNH Ngoc Thuy Trang		14h36- 14h48
10	Researching on the features of negative drug reactions reports and knowledge and practical attitude of personnel at Hospital of Can Tho University of Medicine and Pharmacy, Can Tho General Hospital, 2016-2018	MS.c. NGUYEN Hoang Yen		14h48-15h

HALL 19: PHARMACY
Morning, December 6th, 2019

Contact person: Ms. TRAN Hoang Yen (thyen@ctump.edu.vn)

Presiding list: Assoc.Prof. PhD. PHAM Thanh Suol, PhD. DO Chau Minh Vinh Tho, PhD. HUYNH Thi My Duyen

1	Effects on memory of evodiamin and rutaecarpin extracted from <i>Evodia rutaecarpa</i> , <i>Rutaceae</i> on white mice	MS.c.TRAN Hoang Yen		10h15- 10h35
2	Study on standardization of reference impurity A of diclofenac and application of testing diclofenac and impurity A in finished drug products	NGUYEN Tan Dat		10h35- 10h55
3	Researching on building/developing the process of quantifying parabens toxins in cosmetics	NGUYEN Thi Minh Duc		10h55- 11h15
4	Researching on developing the process of/protocol for determining pesticide residues in groups of organic Phosphor and Carbamate on vegetables by high-performance liquid chromatography (HPLC)	NGUYEN Thanh Huy		11h15- 11h35
5	Application of LC-MS/MS method in studying the kinetics of reducing some pesticides of organic phosphorus and carbamates in water of canals with TiO ₂ nanomaterials	NGUY Tan Loc		11h35- 11h55
6	Quantification of related impurities including d, e and hydrazine in allopurinol by liquid chromatography	NGUYEN Manh Quan		11h55- 12h15

Afternoon, December 6th, 2019

Presiding list: Assoc.Prof. PhD. PHAM Thanh Suol, PhD. DO Chau Minh Vinh Tho, PhD. HUYNH Thi My Duyen

7	Researching on developing the process of/protocol for determining residues of plant protection group of synthetic daisy (including neonicotoid, phenyl pyrazole, diamide, macrocyclic lactone) on fruits and vegetables sold at Cai Rang market, Can Tho city by high-performance liquid chromatography method (HPLC)	NGUYEN Huynh Phuong Uyen		14h- 14h12
8	Study on acute and semi-chronic toxicity of Kieffer lemon peel oil in experimental animals	MS.c TRAN Hoang Yen		14h12- 14h24
9	To synthesized of allopurinol impurities as a reference substance used in pharmaceutical testing	MS.c. LU Thien Phuc	Can Tho University of Medicine and Pharmacy	14h24- 14h36

HALL 20: ODONTO-STOMATOLOGY

Morning, December 6th, 2019

Contact person: Dr. Do Thi Thao (dtthao@ctump.edu.vn), Dr. Nguyen Ngoc Nguyet Minh (nnnminh@ctump.edu.vn)

Presiding list: Assoc.Prof. Waranuch Pitiphat, Assoc.Prof. Glenn T. Sameshima
Prof. HOANG Tu Hung

1	Maternal periodontal diseases and adverse pregnancy outcomes	Assoc.Prof. Waranuch Pitiphat	Khon Kaen University, Thailand	10h15-10h35
2	Orofacial Pain Management	Dr. Teekayu Plankoon Jorns	Khon Kaen University, Thailand	10h35-10h55
3	Root Resorption : A High-Tech Approach to a Multidisciplinary Problem	Assoc.Prof. Glenn T.Sameshima	University of Southern California, United State	10h55-11h15
4	<i>to be updated</i>	Dr. Jung Jin Hong	Seoul, Korea	11h15-11h35
5	<i>to be updated</i>	Dr. Nico Creugers	Radboud University, Netherland	
5	<i>to be updated</i>	Prof. HOANG Tu Hung	University of Medicine Pham Ngoc Thach	11h35-11h55
6	<i>to be updated</i>	Assoc.Prof. PhD. NGO Thi Quynh Lan	University of Medicine and Pharmacy at Ho Chi Minh city	11h55-12h15
7	<i>to be updated</i>	Assoc.Prof. PhD. TONG Minh Son	Hanoi Odonto-Stomatology Training Institute	12h15-12h35

Afternoon, December 6th, 2019

Presiding list: Assoc.Prof.PhD. TRUONG Nhut Khue, Assoc.Prof.PhD. NGO Thi Quynh Lan, Assoc.Prof.PhD. TONG Minh Son

1	Assessment of the efficacy of low power lasers on speed of movement of upper maxillary canines in orthodontic patients at Department of Odonto- Stomatology, Can Tho University of Medicine and Pharmacy, 2017-2018	PhD. LE Nguyen Lam	Can Tho University of Medicine and Pharmacy	14h-14h12
---	---	--------------------	---	-----------

2	<i>to be updated</i>	PhD. DO Thi Thao	Can Tho University of Medicine and Pharmacy	14h12-14h24
3	Study on clinical and radiological characteristics and assessment the results of treatment of patients with skewed lower wisdom teeth at Department of Odonto-Stomatology, Can Tho University of Medicine and Pharmacy, 2017 - 2018	Dr. LAM Nhut Tan	Can Tho University of Medicine and Pharmacy	14h24-14h36
4	Assessment of the results of surgical crowns removal when removing the skewed/hidden lower wisdom teeth related to the lower cranial nerve at Hospital of Can Tho University of Medicine and Pharmacy, 2018-2019	Dr. NGUYEN Hoang Nam	Can Tho University of Medicine and Pharmacy	14h36-14h48
5	Researching on prevalence, related factors, clinical characteristics and affects of early tooth decay in children aged 24-71 months at Ninh Kieu pre-schools, Can Tho city, 2018-2019	Dr. NGUYEN Tuyet Nhung	Can Tho University of Medicine and Pharmacy	14h48-15h
Break				15h-15h10
6	Study on clinical and radiological characteristics and assessment the results of surgical extraction lower wisdom teeth with rotary handpiece equipment and piezotome machine in patients at Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. NGUYEN Minh Khoi	Can Tho University of Medicine and Pharmacy	15h10-15h22
7	Assessment of the results of treatment of losing tooth decay/dental caries by fixed prosthodontics dental bridge in the patient visited at Hospital of Can Tho University of Medicine and Pharmacy, 2018-2019	Dr. NGUYEN Huy Hoang Tri	Can Tho University of Medicine and Pharmacy	15h22-15h34
8	Study on clinical and subclinical characteristics and assessment of the results of indirect pulp therapy by Biodentine on permanent teeth with reversible myelitis at Hospital of Can Tho University of Medicine and Pharmacy, 2018-2019	Dr. NGUYEN Ngoc Nguyet Minh	Can Tho University of Medicine and Pharmacy	15h34-15h46
9	Researching on clinical characteristics, radiology and comparison of results of dental endodontic treatment on premolar teeth with handle and machinal protaper system on patients visited at Department of Odonto- Stomatology, Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. NGUYEN Doan Thao Nguyen	Can Tho University of Medicine and Pharmacy	15h46-15h58

10	Study on clinical characteristics, causes, related factors and assessment on the results of treatment of patients with ivory sensitive teeth by diode lasers at Hosital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. NGUYEN Hoang Giang	Can Tho University of Medicine and Pharmacy	15h58-16h10
11	Study on clinical and radiological characteristics and assessment on the results of surgical treatment of fractured cheekbones with small screw braces at Hosital of Can Tho University of Medicine and Pharmacy, 2018-2019.	Dr. TO Tuan Dan	Can Tho General Hospital	16h10-16h22
12	Researching on clinical characteristics and assessment on the results of treatment of cleft palate by plastic surgery at Eye and Odonto-Maxillo-Facial Hospital of Can Tho City, 2017-2019	Dr. DUONG Huyen Tran	Eye and Odonto-Maxillo-Facial Hospital of Can Tho City	16g22-16h34
13	Study on clinical and subclinical characteristics and assessment on the results of endodontic treatment in patients with chronic inflammation of the root teeth/the teeth tip at Hosital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. DAO Thi Truc An	Kien Giang General Hospital	
14	Assessment the impact of dental health status on the quality of life in patients with chronic renal failure on periodically hemodialysis at hospitals in Can Tho city, 2018-2019	Dr. PHAM Tuan Huy	Tra Vinh University	
15	Study on clinical and radiological characteristics and assessment on the results of endodontic re-treatment of maxillary anterior teeth in patients at Hosital of Can Tho University of Medicine and Pharmacy, 2017-2019	Dr. NGUYEN Thu Ngan	Can Tho University of Medicine and Pharmacy	
16	Survey of clinical and radiological characteristics in patients with lower jaw fractures at Department of Odonto-Stomatology, Can Tho Central General Hospital, 2018-2019	Dr. PHAM Le Cam Tu	Can Tho University of Medicine and Pharmacy	

HALL 21: **HEALTH MANPOWER IN MEKONG DELTA**

December 6th, 2019

Contact person: Scientific Research and International Cooperation Office
(nckh@ctump.edu.vn or ico@ctump.edu.vn)

Presiding list:

1	Factors influencing Vietnamese medical students' autonomy: "A Q-methodology study"	Ph.D. CAO Thi Tai Nguyen		
2				
3				
4				
5				
6				

HALL 22: BASIC SCIENCE**December 6th, 2019****Contact person:** Dr. Pham Thi Ngoc Nga (ptnnga@ctump.edu.vn)**Presiding list:**

1	46,XX Male Disorder of Sexual Development: A case report	Ph.D. CAO Thi Tai Nguyen		
2	The genetic causes are common in male infertility	Ph.D. CAO Thi Tai Nguyen		
3	The polymorphism in length of STS sY1291 in male infertility	Ph.D. CAO Thi Tai Nguyen		
4	Evaluating the effectiveness of liver protection of oriental medicine on an experimental model of liver injury in mice through biochemical and histological indicators.	Ph.D. VU Thi Nhuan		
5	Lichens from Vietnam – a potential source of bioactive substances	Ph.D. NGUYEN Thi Thu Tram		
6	Manufacturing TiO ₂ nanomaterials (wires, tubes) for applying photocatalytic with handling of methylene blue and antibiotics in water environment.	Ph.D. LE Huu Phuoc		
7	Study on the type of β -globin gene mutations causing disease and β -Thalassemia types in patients in the Mekong Delta	Ph.D. PHAM Thi Ngoc Nga		
8	Researching on the genetics of beta-thalassemia disease and the results of intervention by genetic counseling for members with bad genes in families in the Mekong Delta region.	Ph.D. PHAM Thi Ngoc Nga		
9	A survey on chemical composition and activity against <i>Helicobacter pylori</i> bacteria of the lichen <i>Usnea undulata</i>	Ms. THAI Ngan Ha		Pharmacy student of CTUMP
10	A survey on chemical composition and protection from UV radiation of the lichen <i>Parmotrema tinctorum</i>	Mr. TONG Ho Dat		Pharmacy student of CTUMP

HALL 23: PUBLIC HEALTH

December 6th, 2019

Contact person: Dr. LAM Nhut Anh (lnanh@ctump.edu.vn)

Presiding list:
